Ankit Kalsi is an accomplished top-order batter and handy left-arm spin bowler who has been a key figure for the star-studded Himachal Pradesh side in Indian domestic cricket, even captaining the team during his career.

Since making his List A debut in the 2013/14 season, Kalsi has played over 90 matches across formats, but it is in first-class cricket where he has truly flourished. He has now amassed 3,981 runs at 42.80, including a career-best 205* and 13 centuries, and has been a consistent performer season after season. He's also added Twenty20 cricket to his game for Himachal Pradesh since 2024/25, scoring 101 runs at 25.25 including a fifty.

Some of his standout campaigns include the 2018/19 season, where he scored 511 runs at a remarkable 85.16 average, followed by strong returns in 2022 (316 runs at 63.20), 2022/23 (703 runs at 100.42), and 2024/25 (610 runs at 61). His performances earned him selection for the prestigious Duleep Trophy, representing India Red in August 2019 and North Zone in July 2023. On his Duleep Trophy debut, Kalsi made an immediate impact with a century (106) and a fifty (64) against India Blue, helping India Red secure the tournament title, a critical pathway to national honours.

In 2024, Kalsi broadened his experience by competing in England's competitive Liverpool ECB Premier League. Despite a delayed arrival due to visa issues, he impressed with the bat, scoring 396 runs at an average of 44, demonstrating adaptability to different conditions and formats. In 2026 he's dominated the GMCL Premier League playing for Egerton CC, passing 1,000 runs at 50.71 with three centuries and six fifties, while also taking 31 wickets at 27.94 with a best of 5/65 — a genuinely excellent all-round season.

A technically sound batter with the added skill of useful left-arm spin, Ankit Kalsi is widely regarded as a player destined for higher honours. Following his success overseas, he is now open to further professional opportunities abroad and is keen to continue his explosive 2026 form next season. He represents one of the best professional batting all-round options on the market.
