Asad Raza is a high quality seamer who is currently playing professional cricket for Eshaal in Pakistan.

Some guys just come across our desk who you have a gut feeling will do extremely well in UK conditions, and Asad is definitely one of those players. His all action style and ability to swing the ball late, at good speed, really do mark him out as a player to watch. He is full of effort and as you can see from his video footage, he would be a real handful in UK conditions.

He made his professional debut in 2017 and has enjoyed a fruitful career to date. He made an immediate impact on first class debut, taking 3/52 with the new ball for Faisalabad against Sui Northern Gas Pipes Limited. He has gone on to have considerable success with the red ball in hand and to date has 49 first class wickets from just 16 matches played. He has bowled on some pretty unforgiving surfaces in his homeland and this has helped build his endurance and fitness levels as he is sometimes required to run in all day with little assistance from the pitch.

With this in mind he has really honed his skills and has an incredible ability to move the ball late in the air, this combined with likely more assistance from the pitch makes him a dangerous prospect for UK batters. Asad also has the added bonus of having access to accommodation in the Bedfordshire (Luton) area but is open to clubs from all over the UK.

Asad is seeking his maiden season as an overseas professional and for any club seeking a genuine strike bowler with

the ability to bowl at good speed, with skill and control, he represents a fantastic option.
