A crafty left-arm orthodox spinner and dependable middle-order batter, Avindu has already impressed at both domestic and international youth levels, as well as in English conditions.

His journey began with early promise, which earned him selection for Sri Lanka's squad at the 2018 ICC U19 World Cup, followed by a place in the U19 Asia Cup later that same year. His all-round contributions at youth international level marked him as one to watch, and he has continued to develop into a consistent and composed cricketer.

On the domestic front, Avindu has represented Team Kandy in Sri Lanka's National Super League – the top tier of domestic competition. His performances in this arena have showcased his ability to hold his own among the country's best, offering reliable left-arm spin and contributing important runs in the middle order.

In 2024, Avindu took his talents to the UK, signing with Thoresby Colliery Cricket Club in the Nottinghamshire League. His debut stint in English conditions could not have gone much better – he amassed 1,098 runs at an average of 35.42 and claimed 47 wickets at 23.19 across all competitions. His ability to adjust quickly to new conditions and deliver consistent match-winning performances highlighted not only his skill, but also his adaptability and professionalism.

Avindu is known for his calm presence on the field, his strong work ethic, and his team-first attitude. A popular figure in every side he's played for, he brings a wealth of experience for a player still in his early 20s and is eager to return to

the UK in 2026 to build on his success and continue his cricketing journey abroad.

For clubs seeking a genuine all-rounder who can contribute across all departments, Avindu Theekshana offers excellent value. With experience at international youth level, proven performances in Sri Lanka’s top domestic competitions, and a standout UK season already under his belt, he shapes up as a top-class option for any club looking to strengthen their squad with a high-quality overseas professional.
