Entry Route	International Sportsperson Visa

Definate Mawadzi is an exciting batting all-rounder who continues to rise rapidly through Zimbabwe’s domestic cricket scene. A powerful right-handed middle-order batter and a handy off-spin bowler, Mawadzi has been making waves for the Mountaineers in the Logan Cup, particularly excelling in the red-ball format.

The 2024/25 season proved to be a breakout campaign for the talented all-rounder. With 436 runs at an average of 54.50, he finished among the competition’s top ten run-scorers. His maiden first-class century – a commanding 171 against the Eagles – alongside two vital half-centuries, underlined his ability to anchor innings while maintaining an aggressive scoring rate. Whether stabilising the middle order or accelerating late in the game, Mawadzi has showcased the composure and power to influence results with the bat.

Complementing his batting prowess is his growing reputation as an off-spinner who can contain and strike in equal measure. In the same Logan Cup season, he picked up 8 wickets at an impressive average of 25.12, including best figures of 4 for 31 against the Rocks. With a career bowling average under 20, Mawadzi has emerged as a genuine all-round threat capable of breaking partnerships and shifting momentum when called upon.

Now looking to broaden his horizons, Mawadzi is actively seeking a UK club opportunity for the 2026 season. With his combination of explosive batting, effective spin, and match-winning instincts, he promises to be a high-impact overseas signing for any side looking to bolster their squad with a quality all-rounder.
