Evan Turner, an exciting young batting prospect emerging from the Cheshire County Cricket Club pathway system.

Turner’s rise through the Cheshire ranks has been defined by consistent and prolific run-scoring, particularly in the U18 three-day format where he established himself as the county’s leading run scorer. Averaging over 60 in the longer format, he has demonstrated maturity beyond his years, combining sound technique with the temperament to bat for long periods. His highest score of 128 stands out as a defining innings, highlighting his ability to both anchor an innings and score freely when required.

At club level, the Englishman has honed his craft with Cheshire County Cricket League powerhouses Didsbury Cricket Club. Ahead of the 2026 season, Turner has made the move to Marple Cricket Club in pursuit of increased First XI opportunities and continued senior exposure.

Across the past two seasons, Turner has surpassed 1,000 runs in consecutive years, averaging 32 across all formats and competitions. This consistency underlines his strong work ethic, resilience, and ability to perform across varying conditions and levels of pressure—qualities that mark him out as a player with significant long-term potential.

In addition to his batting, Turner offers a useful off-spin option, giving him the ability to influence games in more than one discipline and add balance to any side.

Now seeking to continue his development and gain valuable experience in overseas conditions, Evan would be a strong addition to any club looking to bring in a technically sound, driven young cricketer with clear upside as he progresses into the next stages of his career.
