James Kenward is an enthusiastic young opening batter from Kent, United Kingdom.

James currently represents Chislehurst and West Kent Cricket Club in Division Three of the Kent Cricket League, where he has established himself as a regular member of the Club's First XI at the top of the order. To date, he has amassed 600+ runs at an average in the early 20s, demonstrating his potential and proving he can compete consistently in senior cricket.

During the 2025/26 season, James travelled to Australia for his first taste of overseas cricket, joining Western Suburbs District Cricket Club in Queensland Premier Cricket. As an 18-year-old, he gained valuable experience across the Club's Fourth and Fifth Grade sides, benefiting from training and playing within one of Australia's strongest premier cricket environments.

Now eager to return to Australian shores, James is looking to build on the experience he gained during his first overseas stint and translate those lessons into a successful campaign with his next club.

In addition to his top-order batting, James is also capable of keeping wicket when required, adding further versatility and value to any squad.

A committed young cricketer with overseas experience already under his belt, James will head to Charlton Cricket

Club ahead of the Australian 2026/27 Summer in October.
