MUHAMMAD BILAL

Bowling All-Rounder (Seam)

Name	Muhammad Bilal
DOB	04-02-1999
Nationality	Pakistani
Player Status	Available
Playing Role	Batting All-Rounder (Spin)
Batting Style	RH Opening Bat
Bowling Style	RA Off Spin
Entry Route	International Sportsperson Visa

Mohammad Bilal is an emerging batter who has made a fantastic start to his first class career in Pakistan.

After patiently waiting for opportunities at the top level, following several seasons of run scoring in the domestic system, including several strong performances against quality opposition in the Khyber Pakhtunkhwa Second XI, he is wasting no time in making his mark in professional cricket. He has recently completed his 5th First Class game to qualify for the international sportsperson visa and has already made his first professional hundred (102 for Abbottabad in a 249 run win vs Hyderabad) to go along side x2 further half centuries, highlighting his class and ability to perform at the top level.

Mohammad is also a competent off spinner and has accommodation available in multiple areas of the UK, making him a very attractive proposition for clubs seeking a hungry all round player who can ease accommodation concerns if necessary.

Bilal comes highly recommended by trusted sources and his video footage would also suggest he has the skills to be a stand out professional in the UK.

A player that ticks a lot of boxes, Mohammad signed with Stamford Bridge CC in 2026, after taking a period of adjustment to the UK, he had a solid season in a strong standard of Premier League cricket. At the time of writing, he has collected 902 runs @ 34.69 across all cricket and chipping in with 22 wickets. With his first season experience

under his belt it is envisaged that Bilal will be well equipped for a second season in the UK and would be a shrewd acquisition for any club seeking a batting all rounder on an upward curve.
