Nkosana Mpofu is a seasoned batting all-rounder who has been a mainstay in Zimbabwean domestic cricket for over a decade. Representing the Tuskers, the top-order right-hander has amassed more than 3,500 first-class runs at just under 30, including six centuries, while also contributing useful off-spin with 30 wickets in the Logan Cup. His List A record is equally impressive, with 1,575 runs and 31 wickets at a standout average of 20.22 with the ball.

Consistent with the bat season after season, Mpofu has been among the top performers in recent years. He scored 469 runs at 33.50 in 2022/23, followed by a standout campaign in 2023/24 where he finished as the fifth leading run-scorer with 676 runs at 35.57. He backed it up in 2024/25 with 316 runs and a handy 13 wickets at 28.53 — a true all-round contribution.

Among his career highlights are a Zimbabwe A debut against New Zealand in 2016, and a memorable Logan Cup performance in 2022/23 where he compiled a career-best 162 and followed it with 89 in the second innings against the Rhinos.

With over 100 matches played across formats since his debut in 2013, Mpofu's experience spans not just Zimbabwean cricket but also overseas leagues. Most recently, he enjoyed a season in Australia with Hoppers Crossing in the strong VSDCA competition, where he made an immediate impact with a debut century. Though the runs dried up as the season progressed, he still chipped in with both bat and ball.

He is no stranger to English and European conditions either, having previously featured for Marlow (Thames Valley League), Ferguslie (Scotland), Heathcoat (Devon League), and Tynedale (North East Premier League). His time in Scotland was particularly fruitful, averaging 26.80 with the bat and just 11.50 with the ball.

A qualified Level 2 coach, Mpofu now has his sights set on a return to Europe for the 2026 season, bringing with him a wealth of experience, proven performances, and a drive to contribute both on and off the field. Mpofu also has accommodation available in there Birmingham area.
